3. [REDACTED] - GLC) Talked to Jim Woolsey, on the staff of the Senate Armed Services Committee, about the exchange of correspondence between Senator Fulbright and Mr. Colby on the subject of [REDACTED] and asked him if he had seen a referral of any of this correspondence from Fulbright to Senator Symington. Woolsey said he had neither seen nor heard anything about this but he agreed with our view that we should not discuss sensitive Agency matters with members of the Foreign Relations Committee staff and also suggested that, if possible, Mr. Colby should meet personally with Senator Fulbright on his return to brief him on the status of this program. All of this has been passed on to Mr. Colby. 25X1A

I also talked with Woolsey about a letter which [REDACTED] supposedly was sending to him. (See Memo for the Record.)

4. [REDACTED] - GLC) Called Dan Garrison, Administrative Assistant to Senator Strom Thurmond (R., S. Car.), just to let him know that we still have not heard anything from [REDACTED] as to whether he wanted us to process an application for employment with the Agency. Garrison apologized for not calling us back but said that in view of the extremely long time that would be taken for security clearance, [REDACTED] had decided to pursue a position with HUD (Garrison again expressed amazement at the extremely long period that was required to complete a security clearance on an applicant for Agency employment). I repeated the statement which Mr. Maury had made to Garrison earlier that if [REDACTED] should decide to apply for a position with the Agency and was accepted, we would do everything we could to expedite his clearance. 25X1A 25X1A 25X1A
